

Maximum retail price list

For Maintenance Products

Effective from 1st April, 2017

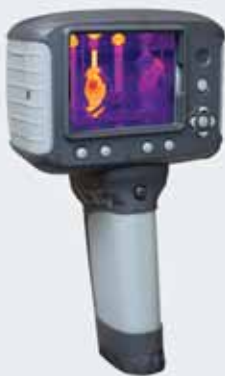

Edition No. 2

Maintenance products

Shaft alignment tools

Thermal camera

Greases

SKF offers complete range of Maintenance Products to support customers reduce their premature failures of bearing and hence to achieve maximum bearing service life. SKF's range of maintenance products includes pullers, fitting tools, heaters, instruments, lubricants, lubricators and oil injection.

SKF maintenance products are designed specifically for bearing users regardless of your bearing size, type and application. With the use of SKF maintenance products, customers can aim to reduce premature failure of bearing resulting from Poor fitting, Lubrication, Contamination & Fatigue. Use of the right SKF maintenance tools also enhances the safety of machines & operators and at same time improves the productivity and reliability of the operations.

Pullers

Bearing heaters

The comprehensive SKF induction header range can be used for efficiently heating bearings and workpieces, both large and small. Their innovative design offers significant advantages to both owners and operators.

SYSTEM 24

Single point automatic lubrication

The SKF SYSTEM 24 is a single point automatic lubrication system that continuously delivers precisely measured amounts of lubricant to desired points via a gas-driven pump. SKF SYSTEM 24 units are supplied ready-to-use straight from the box and filled with a wide range of high quality SKF lubricants. Tool-free activation and time setting allows easy and accurate adjustment of automatic lubrication flow.

Grease guns

Easy grease filling

The SKF Grease Guns are ideal for agricultural, industrial and construction industries and for private use. The SKF Grease Guns are delivered with a 175 mm (6.9 in.) long extension pipe with hydraulic gripping nozzle. A flexible 500 mm (19.7 in.) long pressure hose with hydraulic gripping nozzle is available as an accessory.

Grease guns

SYSTEM 24

- Prevent premature bearing failures
- Extend bearings service life
- Increase plant productivity and efficiency
- Help achieve maximum bearing service life
- Improve machine & operator safety

Bearing heaters
